

**Step 1** – You have logged in for the first time, after this enhancement, into digital banking but Out of Band Authentication (OOBA) must be setup before you can do anything else. Click “Let’s Get Started” to complete the rest of the setup process.

**Step 2** – Enter your phone number and the nickname of the device you wish to associate with the phone number. Select the type of device you are going to validate along with if you'd like to receive the verification code by text or phone call.

*Note: The nickname is displayed in a drop-down list in case you have multiple phone numbers setup for OOB verification with your profile.*
